

NSF/ANSI 61 Certified Potable Water Tanks

Poly Processing Company offers High Density Linear Polyethylene tanks (HDLPE) which are certified to NSF/ANSI 61 for potable water up to 100° F. This certification includes all linear tanks ranging from 30 to 10,300 gallons. The tanks are manufactured in natural, green, or black colors.

- ✓ California adopts NSF/ANSI 60 and 61 standards effective March 9, 2008
- ✓ CCR Title 22, Section 64591, Indirect Additives
- ✓ NSF/ANSI 61 includes drinking water system components

We have built our company on a system approach and continue to offer our customers solutions, simplified.

You can view our NSF/ANSI 61 listing at:
